And nothing makes you alive,
And nothing makes you move as far down the wire.
A sudden gesture moves your faith in to write
A charge of inventions
Weave yourself into history
Are we retching dementia [???

Ray of vision, Ray of vision Ray of vision Ray of vision
Ray of vision, Ray of vision Ray of vision Ray of vision

Cosign my letter, cosign my letter, cosign my letter,
cosign my letter [Ra-ay ra-ay]
Cosign my letter, cosign my letter, cosign my letter,
cosign my letter [Ra-ay ra-ay]

These shadows take care of us, they cover us in the
shade
Into the sky, over the moon [???

These shadows take care of us, they cover us in the
shade
Into the sky, it's over the moon [???

Turn awayÂ... Turn awayÂ... Turn awayÂ...

If it's - nothing - but a - sign, bleed into your shoes man.
If it's - nothing - but a- sign, bleed into your shoes man.
[???

What's defined as rhyme
A simple nature, it's understood be more
From nothing to nowhere [Stay away]
Please you'll know us
Stay you'll no friends [???
Plead to know one
Stay in nowhere [Stay away]

These shadows take care of us, they cover us in the
shade
Into the sky, under the moon
These shadows take care of us, they cover us in the
shade

Into the sky, under the moon

If its-nothing- but a- sign, bleed into your shoes man.
(ray vision, ray vision)

If its-nothing- but a- sign, bleed into your shoes man.
(ray vision, ray vision)

These shadows take care of us, they cover us in the
shade

Into the sky, over the moonÂ...

Ray vision! Ray Vision!
