They're moving earth outside
The ground is shaking like no beat
A dense terrible sound
At once both teeming and asleep
It seems to me to be a sign
I don't believe in such and yet
It seems to me to keep one eye on the situation's best

It's good to see you,
It's good to see you go.
It's good to see you,
It's good to see you go.

It's really not that kind
To terrorize one in one's sleep
And if you really tried, you'd probably cut the chase too
deep.
It seems to me that that's a fine way to keep you off
your feet.
It seems to be no other side for the two ideas to meet.

It's good to see you,
It's good to see you go.
It's good to see you, Got to keep your mind on
somewhere else.
It's good to see you go. Got to keep on thinking of your
health

It's good to see you, Strange when your mind burns...
It's good to see you go. Strange when your mind
burns...

Oh no, I hit rock bottom.
Oh no, I hit rock bottom.

It's good to see you,
It's good to see you, Got to keep your mind on
somewhere else.
It's good to see you. Got to keep on thinking of your
health
It's good to see you, Strange when your mind burns...
It's good to see you, Strange when your mind burns...

It's good to see you, Strange when your mind burns...
It's good to see you, Strange when your mind burns...
