Should i take a bath, or should i go to sleep?
Should i take a bath, or should i go to sleep?
They set their scales up so high
You'd think they'd fall from the fuckin sky.
And i can't sing the words that i don't know yet.
I don't have the words.
Should i take a bath, or should i go to sleep?
Should i take a bath, or should i go to sleep?
(down-down)
I'm already down with that. (already down)
I'm already.
Half asleep, but i can't close my eyes till i get home.
Should i take a bath, or should i go to sleep? (i lie
awake, for now.)
Should i take a bath, or should i go to sleep? (i lie
awake, for now.)
Should i take a bath, or should i go to sleep? (i lie
awake, for now.)
Should i take a bath, or should i go to sleep? (i lie
awake, for now.)
(down-down)
I'm already down with that. (already down)
I'm already.
Half asleep, but i can't close my eyes till i get home.
