Until she kissed me  
Until I kissed her  
Until we kissed we shared an innocent affection.  
Until our lips met  
Until our hearts leapt  
Until we kissed there was a magical connection.

Until she touched me  
Until I touched her  
We shared an understanding, quiet interaction  
But when she kissed me  
And when I kissed her  
Our innocence transformed into attraction.

I wanted her to be my wife.  
I knew I loved her more than life.  
I felt the passion in me fly.  
I shouted praises to the sky.

Until she kissed me  
Until I kissed her  
Until we kissed we shared an innocent affection.  
Until our lips met  
Until our hearts leapt  
Until we kissed there was a magical connection.

I never knew  
What love could do  
Until we kissed.
