Verse 1:

Lookin like a superstar,  
She gettin it on the floor like what.  
So many people around her,  
Some stop just to look at her.  
And I like a girl who can get attention without doin too much.  
You got mine and girl you know you aint gotta be doin too much.

Pre-hook:

You're just doin you, aint tryna impress nobody.  
But you got half this room tryna get inside your body.  
So heres what Ima do,  
Ima pull up next to you.  
And show you what a real man like me can do.

Chorus:

I think I'm falling in love tonight,  
I like the way I like the way I like the way you move  
(repeat)  
So heres what Ima do, Ima pull up next to you.  
And show you what a real man like me can do.  
Don't need to hesitate, you got me anyway.  
Girl we can leave right now and you know it'll be okay.

[Verse 2]

You and I can take it far,  
Don't need to tell nobody where we are.  
Get away to better places,  
Find a way out of these mazes.  
I can make you famous,  
Girl you can be an overnight celebrity.  
Have the paparazzi searching high and low just to get to you and me.

Pre-hook:

So what you wanna do,  
Baby the night is ours.  
You know I'm feelin you,  
And I can be all yours.  
So heres what we gon do.

We gon ride up to the moon.  
And Ima make sure no one can get to you.

Chorus:

I think I'm falling in love tonight,  
I like the way I like the way I like the way you move  
(repeat)

So heres what Ima do, Ima pull up next to you.  
And show you what a real man like me can do.
