Once I had a brother
ANd we grew up
Looking out for each other
And when he fucked up
I did me best to cover his lies
I hid him from the cops
When he was a runaway
Put him up when he was on the
Streets with no place to stay
And when he lied and stole
I looked the other way
'cause in time
I knew he would find a way
TO get his life together
ANd we would be alright
If we just stuck together
And somehow we would both
make it through
Somehow we would make it through
Maybe I tried to hard
To be a brother
There comes a time you gotta
Burn your bridges to discover
What you are inside
I thought I knew my brother
But I was wrong
Maybe I'd been lying to myself
All along
WHen he burned his bridges
He burned me at the same time
Well brother, brother
How could you be so hatful
So ungrateful
After all that we'd been through?
Someday you'll get
What's coming to you
Someday you'll get
what's coming to you
You stole my money then my friends
And now my girlfriend too
You say you treat everyone
like a brother

and it's true 'cause you
screw over everyone
The way that you screwed me
You're a tumor, a leach
A sore that wont go away
Leaving a path of discarded people
In your wake
You're a thief,
A theif who stole my trust
And that's the worst thing
you could take
But every underdog
Must have his day
So you'd better stay the hell
out of my way
'cause this dog's day is coming soon
And this dog wont let
Bad feelings pass
This dog wants grudges to last
'cause this dog won't forget
How he was done in
Well you selfish little
Mother Fucker
I hope I never live
To see you hurt another
'cause life you touch
Is life you smother
Like mine
