I like to think that I'm a pretty good kisser  
I like to think I maybe broke a few hearts  
But since I met you I'm a victim of disaster  
I like to think I got it down to an art

So, here's where the problem starts  
You're shitting on my heart  
Oh, I can't take it  
Again and again and again

All I wanted from you  
Was a night, maybe two  
You beat me at my own game  
No it's not okay  
I'm the one that's missing out  
All I needed to do  
Was get just a taste of you  
And now I'm sick all in my head  
You poisoned me instead  
Trust me, trust me, I think I got heartbreak down

I like to wake and go to bed around whenever  
I like to maybe come and go when I choose  
But now I'm waiting for a text, call, whatever  
What's gotten into me, besides you? (Oops! )  
You're like a rush, you're like a drug, it's just the sight  
of you  
I like to think that I could kick you but it's what you do  
You knew we could be  
What's the lord think of me  
For being so fucking weak I find it hard for me to  
breathe

So here's where my story ends  
I got to make amends  
I let me down  
Again and again and again and again

All I wanted from you  
Was a night, maybe two  
You beat me at my own game

No it's not okay  
I'm the one that's missing out  
All I needed to do  
Was get just a taste of you  
And now I'm sick all in my head  
You poisoned me instead  
Trust me, trust me, I think I got heartbreak down

Here's what we have to do  
Stay together and keep it true  
Can't be strong, too late for cool  
I won't live without you  
You are not rid of me

All I wanted from you  
Was a night, maybe two  
You beat me at my own game  
No it's not okay  
I'm the one that's missing out  
All I needed to do  
Was get just a taste of you  
And now I'm sick all in my head  
You poisoned me instead  
Trust me, trust me, I think I got heartbreak down
