I have a horrible dream
That you were never here with me
'Cause I'm so alone that's why
And I'll never tell a lie

Chorus:

You know I want you baby
There's nothing I can do
Without you, the world will
Never know who I am
I'm not the one to want you
I am the girl..I am the girl
I want you

I am the person who is always treating
You this way..I am the girl who is happy all
The way and I'm not gonna be with you not
Anymore baby, I'm so disappointed in you
Oh, I am never gonna see you again

(Repeat Chorus)

Oh, I never know,
If you are my baby
Yes, I will never know
If you are never my baby (yeah, yeah, yeah, yeah)

(Fade Chorus)
