Verse 1:

Put me on the table  
Make me say your name  
If I can't remember  
Then give me all your pain  
I can sit and listen  
Or I can make you scream  
Kiss it and make it better  
Just put your trust in me

Chorus:

Oh my God, go a little slower  
Oh my God, what was that again  
L da da, let me feel you baby  
Let me in, 'cause I understand  
Let me feel you baby  
'Cause I understand

Rap:

I understand it all  
Now climb my sugar walls  
Problem solved it's dissolved  
With the solvent know as spit  
Lickity lick not too quick it's a  
Slick ride make my mink slide  
'Cause we're all pink inside

Verse 2:

This can be really easy  
It doesn't have to be hard  
Here baby let me show you  
I'll have ya, climbing up the walls  
You got all the problems  
I think that I can solve  
Why don't you come in here baby  
Why don't we sit and talk

Chorus

Rap:

You like the top and the bottom

You made a drop and then caught 'em  
And when you rock then you've got 'em  
Oh my God 'em oh my God 'em
