Hey, she's a walking catastrophe
She keeps on whining and now
It's all rubbing off on me

Hey, she's looking for sympathy
So keep on crying 'cause
You're not getting any from me

Everythings gone wrong again
Everything is all fucked up
Everything
Everything
It's rubbing off on me

Hey, she's a walking catastrophe
She keeps on whining and now
It's all rubbing off on me

Hey, she's looking for sympathy
So keep on crying 'cause
You're not getting any from me

Everythings gone wrong again
Everything is all fucked up
Everything
Everything
It's rubbing off on me

Hey!
