So lonely, divided  
I'm not where I wanna be  
My conscience is weighted  
The responsibility  
And so I try, got to find a way  
To make it right, don't you forget about me?  
It all takes time  
Don't you ever think you're left behind?  
All I want is the best for you  
You deserve it, too, my innocent child  
Tell me something that I can do  
I'd be happy to, my innocent child  
All I want is the best for you  
You deserve it, too, tell me something new  
The anguish, I suffer  
I want it to let me be  
No harm was intended  
But now it is haunting me  
And so I try, got to find a way  
To make it right, don't you forget about me?  
It all takes time  
Don't you ever think you're left behind?  
All I want is the best for you  
You deserve it, too, my innocent child  
Tell me something that I can do  
I'd be happy to, my innocent child  
All I want is the best for you  
You deserve it, too, tell me something new  
It takes my heart out  
Got to live before we learn  
It takes my heart out  
I'll let my bridges burn  
And so I try, got to find a way  
To make it right, don't you forget about me?  
It all takes time  
Don't you ever think you're left behind?  
All I want is the best for you  
You deserve it, too, my innocent child  
Tell me something that I can do  
I'd be happy to, my innocent child  
All I want is the best for you  
You deserve it, too, my innocent child

Tell me something that I can do  
I'd be happy to, just the best for you  
You deserve it, too, just the best for you  
I'd be happy to, my innocent child
