[Andi Deris]

Know me  
I am like you  
Never I breathe  
But I'm true  
Come and see me  
I am the light  
I've never shone in the night  
I'm a child  
Teach me  
I need to know  
All of the things you've been shown  
I am searching for truth  
And I fight for my rights  
You did lose

So look to the future, look for tomorrow  
I'm a child of a 1000 sorrows  
So look to the future, look for tomorrow  
I'm a child of a 1000 sorrows  
Come on tell me  
Don't you lose  
All that is worth for my youth  
I am searching  
Searching for truth  
To fight for my rights  
You did lose

So look to the future, look for tomorrow  
I'm a child of a 1000 sorrows  
So look to the future, look for tomorrow  
I'm a child of a 1000 sorrows

Look for the child, look for the child
