Sa here te kam prane rrethuar
me vajza je ti nga qdo aneeee ooouoou .
Gjithmone me buzeqesh ke shume
vetebesim mendon qe mund tme kesh
por bejbi keshtu ska me mua une
nuk lodhem me kapriqet tua
te ka ardhe koha qe te ndryshosh ooooooooo
me mire beja nje sherbim ti vetes
leri lojrat ti te vertetes
do te mesosh te dashurosh ooou je.

Ref: Nen kontroll te kam ndoshta ti se din por prapa teje jamm. .
You are under my controll, maybe you do know but im still yours
Continue without knowing cause you will instantly have a lak? (dict. say snare)
Every time i see you other girls are following you, but not me
you like this game, but nothing can protect you from me
Youre a model of the glorious boys
but i know i have you in my hands
soon enough i will rob you
leri jashte lojrat e tua
e di se ti vdes te jesh me mua
te njeften gje dhe une kerkooj
