Iron, In my dreams of power
you won for your strong desire
you'll burn like a ring of fire
higher forever

Only for you, so proud and so lonely
fantastic hero
I go dreaming, I go screaming
fighting for you, take me higher

Speed up the night, Mikado
really the game I need oh oh
king of the light, Mikado
What you get is all I need, Power
speed up the night, Mikado
I wanna play with you oh oh
king of the light, Mikado
what you get is all I need, Power now

Shining, like a sun you're rising
for me, always keep me fighting
calling all your superpowers
stronger forever

Only for you, so proud and so lonely
fantastic hero
I go dreaming, I go screaming
fight for you, take me higher

Speed up the night, Mikado
really the game I need oh oh
king of the light, Mikado
what you get is all I need, Power
speed up the night, Mikado
I wanna play with you oh oh
king of the light, Mikado
what you get is all I need, Power now
