Well, I'm sittin' over here on a parchman farm
I'm sittin' over here on a parchman farm
Sittin' over here on a parchman farm
Ain't never done no man no harm
I'll be down here for the rest of my life
Be down here for the rest of my life
Be down here for the rest of my life
When all I did was pull my knife out
Put me down here on the ball and chain
Put me down here on the ball and chain
Put me down here on the ball and chain
Oh lord, they're 'bout to drive my mind insane
Bust them rocks!
