I'm your tire
And I will never let you go
Just tonight
Gettin' higher
(I'm) Ready for the game all night
I'm here for you

Rock me rock you
You really want me
Take all my time for love
I know
You really love me
Hold me tight tonight

Got a feeling burnin' inside
Black fire
Givin' me the power
When I just stay with you
I'm gettin' crazy for you
Black fire

Takin' me higher
'Cause I'm on fire

Got a feeling burnin' inside
Black fire
Music takes me higher
When I just stay with you
I'm gettin' crazy for you
Black fire
Give me your power
Give me your fire

"Day in day out"
Do you remember when I play (it)
Just for you
Gettin' power
(I'll) Show you how to dance tonight
'Cause I know you
