When you went away  
The colors all turned brown  
Since you've been away  
There's a shadow on the town  
But when I close my eyes  
You are still around  
Especially on the days when the snow falls down

Moss covered trees out in the blue  
You're missing me, I'm missing you  
Sugarplums dance and reindeer too  
I'll go to sleep and dream of you

And when the snowflakes fall on the Douglas Fir  
It's like a snowglobe Christmas  
And we're living in a perfect world of trees  
And harmony  
I'm there with you  
You're here with me  
Together we will always be
