Staring up through the trees at a blackened sky
Wondering if God placed the stars just to watch me cry
Or maybe that's why he lets them shine

Yours is the face that I can't leave behind
Memories of us here have never left my mind
Do you think of me sometimes...

CHORUS:

Naiisip mo pa ba ako
Naaalala mo pa ba (Nalimutan mo na ba)
Mga panahon nung tayo pang dalawa
Kay saya
Naiisip mo ba
Naiisip mo ba

We used to lay here till the sun would rise
You'd say you love me
I'd say I love you but I lied
It's more than love I feel inside

Yours is the face that I can't leave behind
Memories of us here have never left my mind
Do you think of me sometimes...

BRIDGE:

Naaalala kita lagi

CHORUS TRANSLATION:

"Do you still think about me"
"Do you still remember"
"The good times we spent together:
"... When it was still the two of us"
"Do you think about it (me)"
"Do you think about it (me)"
