I'm just another substance abuser but baby
I'm the future and I know there's no easy way out
I got nothing but problems and habits, shifting through
the static
But baby, there's no easy way out
(So are you cunning now?)

We're rollin'
We're rollin'

Hey, it's obscene and it's green and it's automatic
I know how to make it seem like it's your fault
I believe it when you say, you need it for the sway
When I'm screaming through the troubles that the
drugs won't solve

I'm just another substance abuser but baby
I'm the future and I know there's no easy way out
I got nothing but problems and habits, shifting through
the static
But baby, there's no easy way out
(So are you cunning now?)

We're rollin'
We're rollin'

Broads in the bar, in the car sipping vodka tonics
Another couple drinks and then they look just fine
It's easy as they say but believe me see I hate it
When the hardest part is acting like I just don't try

I'm just another substance abuser but baby
I'm the future and I know there's no easy way out
I got nothing but problems and habits, shifting through
the static
But baby, there's no easy way out
(So are you cunning now?)

I'm just another substance abuser but baby
I'm the future and I know there's no easy way out
I got nothing but problems and habits, shifting through
the static

But baby, there's no easy way out

Just another substance abuser but baby
I'm the future and I know there's no easy way out
I got nothing but problems and habits, shifting through
the static
But baby, there's no easy way out

(But baby, there's no easy way out)
Baby, there's no easy way out
(But baby, there's no easy way out)
Baby, there's no easy way out
Baby, there's no easy way out
