She's the one for me  
Say, did you know she's raised by wolves  
Did you know she dances with dandelions then  
Gently her head declines  
The one for me - she is the one for me  
She's the one for me  
Say, did you know she reaches around the globe  
She plunges into the deep sea  
Dancing on top of clouds  
The one for me - she is the one for me

Cuz I've got, nothing now  
Just the one for me - just the one for me  
She's all around  
So lovely - so lovely  
And I'm so glad I found  
The one for me - the one for me  
I'll sing it loud  
She's all I need - she's all I need  
Right now

See, the one for me has riddled dreams and  
As she wakes in the morning,  
Winds will weave her hair at dawn and this I swear  
I know she is the one for me - she is the one for me  
See, the one for me, she challenges  
The universe and never shows fear  
She will build a carriage out of rosemaries  
While crickets sing this song for me  
Oh, she's the one for me
