Words and Music by Sean Hardman, Tia Sillers and Mark Selby

She aint no stranger to the smoke and the fire  
She knows how to stoke a mans desire  
She lead you down a path of burning coals  
And shell wind up making ashes of your soul  
The devils front door, the devils front door  
Sweet temptation calling me once more  
I swore I wouldn't give in like before  
But here I am knocking on the devils front door  
Some people say that don't believe in the devil at all  
But I know where she lives at man Ive heard her call  
My name sounds like heaven on her lips  
But hell aint far from her forbidden kiss  
The devils front door, the devils front door  
Sweet temptation calling me once more  
I swore I wouldn't give in like before  
But here I am knocking on  
The devils front door, the devils front door  
Walking up the steps to hell once more  
I swore I wouldn't give in like before  
But here I am knocking  
Oh here I am knocking on the devils front door  
On the devils front door
