This is where my story begins
No one knows where it ends
The world's devastated by Sin
Journey on to Zanarkand

I'm your guardian 'til the end
That means wherever you go I will follow
When we get through this mess
We will get out once more
Over the Moon flow

This is where my story begins
No one knows where it ends
The world's devastated by Sin
Journey on to Zanarkand

This is our last chance
This is our last chance
We'll never forget

This is our last chance
This is our last chance
We'll never forget

There has to be another way
This isn't worth the cost
But you can't stop

This sent our fathers to the grave
This has gone far enough
I won't give up

This is our last chance
This is our last chance
We'll never forget

This is our last chance
This is our last chance
We'll never forget

This is our last chance
This is our last chance

We'll never forget
We'll never forget

We'll never forget
We'll never forget

I'm your guardian
I'm your guardian 'til the end
I'm your guardian 'til the end
'Til the end

This is where my story began
This is where it ends
Now that the world is free from Sin
I'll meet you all on Zanarkand
