Can't hear any voices
No matter who's talking
Can't find no way out
Wherever I'm walking
It's hard to be around anybody else
It's even harder to be around myself

Too much pressure
I don't want to be measured head to toe
Even the things I'm sure of I don't really know

Stranded
Nowhere to go all alone
Lost in the middle of nowhere
Stranded
And nowhere is feeling like home
How did I get here

Listen up
You're trying to hold me
But I'm already gone
Can't you understand that I'm not the one
Who's waiting to please you or anybody else
'Cause I'm still waiting to please myself

Too much pressure
Everyone can't be special all the time
Even these thoughts I'm sure of
Their not really mine

Stranded
Nowhere to go all alone
Lost in the middle of nowhere
Stranded
And nowhere is feeling like home
How did I get here

What confusion brings
Nails me to the floor
And I'm stuck in a place
So lonely that I can't speak anymore, oeh

Stranded
Nowhere to go all alone
Lost in the middle of nowhere

Stranded
And nowhere is feeling like home
How did I get here

Stranded
Nowhere to go all alone
In the middle of nowhere
Stranded
And nowhere is feeling like home
How did I get here
