I'm in Love With The Mornign Light
So Won't You Dance With Me Tonight
I've Been Kissed By The Morning Star
I Close My Eyes And There You Are
Feel The Breaking Of The Morning Sun
Now Our Pain Has Just Begun

Go On Boy ,Put Your Angel Wings On
But Just Like Us , You Will Die
We Don't Have No Father To Forgive Us
When We Leave
We're The Ideal High We're The Ideal Life,
We Give You Anything That You Wish For

Come And Dance With The Morning Light
And Make Love With Me Tonight
Cause I've Been Kissed By The Morning Star
I Close My Eyes And There You Are
Feel The Breaking Of The Morning Sun
Now Our Pain Has Just Begun

Go On Boy ,Put Your Angel Wings On
But Just Like Us , You Will Die
We Don't Have No Father To Forgive Us
When We Leave
We're The Ideal High We're The Ideal Life,
We Give You Anything That You Wish For

I'm in Love With The Mornign Light
So Won't You Dance With Me Tonight
I've Been Kissed By The Morning Star
I Close My Eyes And There You Are

We're Diamonds We Shine On You All
We're Diamonds We Shine On You All
We're Diamonds We Shine On You All ...
