Boy you got me going
Round and round
Way across the map
But you're nowhere to be found

Let me tell you
Something's still getting lost
Yeah you surely deserve
A fine boot in smart ass

Oh I can feel a knee rising
And a boot swinging
It ain't to kick dirt and rock
Here meet your alignment
From the ground bottom up

Oh lucky you better run boy
Run for your life
Run ahead boy
And go make it right

Yeah I see knees up
And your feet moving
And your mind racing
For the first time in a while
Boy times need a changin'
Better now kick it up

You better plant your feet
Walk down the line
Put your mind into it
As a good son of mine

Let me tell you
If something's getting lost
Yeah you won't be missing
A fine boot in smart ass

Oh lucky you better run boy
Run for your life
Run ahead boy
And go make it right

Yeah I see knees up
And your feet moving
And your mind racing
For the first time in a while
Boy times need a changin'
Better now kick it up

You better run boy
Run for your life
Run ahead boy
And go make it right

Yeah I see knees up
And your feet moving
And your mind racing
For the first time in a while
Boy times need a changin'
Better now kick it up

Yeah a boot up is a quick swift lift
It goes ground bottom up
Growing up is your lasting fix
You better now kick it up
Yeah either way boy
You're straightening like it or not
