What's the slave to the hero rock?  
Doesn't anybody know what's right?  
Makin' sparks for the pyro jock  
Doesn't anybody know what's right?  
Or givin' light to the light and dark  
Doesn't anybody know what's right?  
In the city there's a sound  
It's a seesaw goin' down

All aboard for the check out line  
Doesn't anybody know what's right?  
Trust in Him and it'll work out fine  
Doesn't anybody know what's right?  
In the city there's a sound  
It's a seesaw goin' down  
Every moment has a place  
It's a cage with a gaze

Well, if you're there tell me where you are  
Doesn't anybody know what's right?  
I can walk if it's not too far  
Doesn't anybody know what's right?  
Take it easy, it's okay  
I'm believin' what you say (what you say?)  
What ya knew I can dare  
Where we hollered am I there?

In the city, yeah, there's a sound  
It's a seesaw goin' down  
Every moment has a place  
It's a cage with a gaze
