All of these dream that I have searched,
Lie over the mountains.
But the sun on my skin makes me want to stay.

For my mind that absorbs the things I have read,
Is confused when my heart wont aline with my head.

Summer comes, kissed the fields.
But this heart won't beat forever
Seasons pass with greater ease
But this heart won't beat for ever.

Held to the cord of my ambition
Helm by the waistline
But the pull on my hand begs me to be free

For my mind that absorbs the things I have read,
Is confused when my heart wont aline with my head.

Summer comes, kissed the fields.
But this heart won't beat forever
Seasons pass with greater ease
But this heart won't beat for ever.

Heartbeat carries on
I'm looking for a way over my
Mountain clothed in sun
I'm hoping I don't run out of time.
