I was trying to find a reason to tell u that I'm sorry
I've been lying all this while so that u never worry
Baby, Meeting friends or working late... it was just a
story
Girl I lied... Made you cry...

I said my car ran outta gas I had to walk till I was late
No reception on the fone tried to call but had no
change
Baby I never meant to lie to u but the truth was hard to
face
Girl I tried... not to lie...

U can cal me liar... I was too weak to face the truth...
U can cal me liar... I couldnt tel u I'll leave u soon
Girl I had my reasons believe me
I never wanted to see that u cry
U can cal me liar... I really love u that's y I lied...

U can cal me liar (liar liar)
U can cal me liar (liar liar)
U can cal me liar (liar liar)
I really love u that's y I lied...

She cut the call when she was on ma fone when u
pickep up the line
U got so mad and asked me who's the girl I'm sleeping
with behind
Baby, I had no words to say so I guess I will try
Not to lie... it's the time...

I said my car ran outta gas I had to walk till I was late
No reception on the fone tried to call but had no
change
Baby I never meant to lie to u but the truth was hard to
face
Girl I tried... not to lie...

Girl I never tried to cheat and lie
But I guess I had no choice
Now I guess it's time to say goodbye
So baby hear my voice

I was with my doctor all this time when I came home
late
She said my brain was dying I only got 4 months to wait
Girl I had my reasons believe me
I never wanted to see that u cry
U can cal me liar... I really love u that's y I lied...

U can cal me liar (liar liar)
U can cal me liar (liar liar)
U can cal me liar (liar liar)
I really love u that's y I lied...
