Pre-chorus 1:

Every time we had a fight, we talked it over and we
were fine
But I guess this time we gotta let it all go
But baby I tried so many times, to talk to you on the
phone last night
But some other guy said "hello" when I called

Chorus:

What would you do?
If tables were turned around and you were to be in my
shoes
What would you say?
Would you give in to lust or would you just let your love
slip away
May be I was afraid that I will end up hurt
Took the wrong way until the point of no return
What would you do?
When u look around you're all alone coz' all the right
went wrong

Verse 2:

Midnight was crawling in; she was the only one who
cared for me
It started with a bottle of wine, I was letting go off my
pain out free
I know that I'm not perfect (no one's perfect)
I was just the man any man would be (just the man any
man would be)
When she was looking so damn fine, temptations were
calling me

Pre-chorus 2:

Driving her back home last night, I was trying to thank
her and say goodbye
One thing lead to another before we know
But baby I tried so many times, to talk to you on the
phone last night
But some other guy said "hello" when I called

Bridge:

I didn't think that I will be the one to first hurt you
I messed it up and I don't really think I deserve you
I know I was wrong but I thought I was stronger
Baby but I guess it's now too late
Just tell me the truth, if u were in my shoes, what would
you do baby?
