When you're sick & tired of everybody lying to you
you just want to walk away..... walk right into better days
if you can just stop wanting it..... it will come to you
I know you try..... but don't try to hard
when I see you cry..... it breaks my heart
I won't stop loving you..... I still believe in you
when everything goes wrong..... you think you're on
your own
I won't stop loving you..... I won't stop loving you
In this changing times..... you see yourself on the
outside
it's getting harder to find your way
you're living in hope from day to day
if you can laugh in spite of it..... there's nothing you
can't do
I know you try..... but don't try to hard
when you lie to me..... you break my heart
I won't stop loving you..... I still believe in you
when everything goes wrong..... you think you're on
your own
I won't stop loving you..... I won't stop loving you
You just can't take it anymore..... and then again
A LOST CAUSE IS THE ONLY ONE WORTH FIGHTING

FOR!!!!

I won't stop loving you..... I still believe in you

when everything goes wrong..... you think you're on
your own

I won't stop loving you..... I won't stop loving you
