Dance with me pretty boy tonight
Dance with me and we'll be alright
There's a whole floor before us, just for you and me
So follow my lead and we'll one two three
Pull shapes!

I like to Disco
I like to Rock 'n' Roll
Well I like to Hip Hop

You can do it all
Just don't let the music fall
Pull shapes!

I lead with my left hand
I stomp with my right foot
Well I just want to freak out
I just want to move
I don't care what the song's about

Dance with me pretty boy tonight
Dance with me and we'll be alright
There's a whole floor before us, just for you and me
So follow my lead and we'll one two three
Pull Shapes!

Is that a drum beat?
(Pull shapes)
And is the bass sweet?
(Pull shapes)
Well then the rhythm is complete
So get up on the floor
It's time for you to move your feet

Dance with me pretty boy tonight
Dance with me and we'll be alright
There's a whole floor before us, just for you and me
So follow my lead and we'll one two three

What do you do when the music stops
What do you do when the music stops
What do you do when the music stops

What do you do when the music stops
Pull shapes

Clap your hands if you want some more
Pull shapes
Clap your hands if you want some more
Pull shapes
Clap your hands if you want some more
Pull shapes
Clap your hands if you want some more
Clap your hands if you want some more
Clap your hands if you want some more

Dance with me baby boy tonight
Dance with me and we'll be alright
There's a whole floor before us, just for you and me
So follow my lead and we'll one two three
Pull shapes!

Dance with me baby boy tonight
Pull shapes
Dance with me and we'll be alright
Pull shapes
There's a whole floor before us, just for you and me
Pull shapes
So follow my lead and we'll one two three
Pull shapes
