We are The Pipettes  
Gwenno, RiotBecki, Rosay  
One, two, three, let's go

Take us, take us to your planet  
We've got enough, we can't stand it  
Give us your soul and we'll can it  
Can it, can it, can it

We've taken all we can manage  
Just say the word and we'll ban it  
Make us a deal and we'll land it  
And we'll brand it

We are The Pipettes  
And we've got no regrets  
If you haven't noticed yet  
We're the prettiest girls you've ever met

We are The Pipettes  
We will drop you in our nets  
When you're crying in your bed  
You'll hope we haven't finished with you yet

Take us, take us to your planet  
Give us your mind and we'll scan it  
Send us a ship and we'll man it  
'Cause we mean it

Throw us the love we've been handed  
Lend us some film, we'll be candid  
Give us the wheels and make us a meal  
Do you know how I feel?

We are The Pipettes  
And we've got no regrets  
If you haven't noticed yet  
We're the prettiest girls you've ever met

We are The Pipettes  
We will drop you in our nets  
When you're crying in your beds

You'll hope we haven't finished with you

We are The Pipettes  
And we've got no regrets  
If you haven't noticed yet  
We're the prettiest girls you've ever met

We are The Pipettes  
We will drop you in our nets  
When you're crying in your beds  
You'll hope we haven't finished with you yet  
We haven't finished with you yet  
We haven't finished with you yet
