No one Heard the prophecy  
Our spirit is deaf  
All the exspectations  
Wrecked sensations now  
Illusions of intimacy  
Split up the core

Chorus:

See me choke every promise we broke  
As we grow old lost in decisions  
Of greed and need - we shot our sense  
Underneath the cemetery  
I'm digging for any reason

As I breathe in I can smell  
Breathe the stench our inheritance  
Split up the core

Repeat Chorus

See me choke every promise we broke  
Songtexte get me out, give me honesty  
Give me space to breathe  
Songtext  
Repeat Chorus

See me choke  
Give me  
Space to breathe
