I'd better run with you  
Across the land with you  
Although we'd get nowhere

I'd cross the line with you  
Lug my few bags with you  
There's a new trip to dare

Through the open gate  
But I hesitate

I'd better run with you  
You'd better run with me  
But we will get nowhere

Lock all the doors behind us  
What does it mean to us  
There's a new trip to dare

Through the open gate  
But I hesitate

All the things I'd leave belong to me  
There are pictures that never fade away  
But just in time here in my mind  
I see me leaving my avenue today

I'd better run with you  
Across the land with you  
Although we'd get nowhere

I'd cross the line with you  
Lug my few bags with you  
There's a new trip to dare

I'd better run with you  
You'd better run with me  
But we will get nowhere

Lock all the doors behind us  
What does it mean to us  
There's a new trip to dare

All the things I'd leave belong to me  
There are pictures that never fade away  
But just in time here in my mind  
I see me leaving my avenue today

And if we would leave  
You'd see me happy again  
For the rest of my life I have to see  
There's another place to be

All the things I'd leave belong to me  
There are pictures that never fade away  
But just in time here in my mind  
I see me leaving my avenue today
