tell me that i've gone astray
a lasceration on society
mommy never made me pray
you never got the chance to brain-wash me

genocidal killings justified
you turn youre back an propagate a nations cry
communion given to a lame man woah
another thousand men are sent to die

chorus:gimme gimme gimme gimme pennance and
polution
gimme gimme gimme holy rhetoric
gimme gimme gimme gimme godly retribution
gimme gimme gimme crucafixion politix

youre opposition's gonna choke
while you stand back and watch the pistol smoke
feed five thousand of youre lies
we'll never live until youre doctrine dies

lead the blind into the bloody sea
the children are the sheep of youre dilludity
salvation is the key to heaven woah
it doesn't mean a fucking thing to me

chorus

genocidal killings justified
you turn youre back an propagate a nations cry
communion given to a lame man woah
another thousand men are sent to die
