Everything sucks again
Well, those are harsh words my friend
Just tell me some things never change
Just tell me we're 2000

Everything sucks again
Go back to sleep my good friends
You don't think they'd ever let us down?
You don't think that we'd remember?

Everything sucks again
But don't let it get you my friends
Just tell me it's the first time
No tamagochi headline

Everything sucks again
But then what the hell would I know
It's just millennial dementia
Just my stupid magazines

(We got nothing to see)
We got nothing to do
(We got nothing to take)
We got nothing to lose

(And there's nothing we like)
(And there's nothing we like)
And there's nothing we need

You got nothing to say
You got nothing to say
'Cause I'm telling you
Everything sucks

Everything sucks again
Well, these are dark days my friend
Just tell me all those pretty lies
Protect me from the downsized

Everything sucks again
We'll play out happy to the end
We'll all be paid in kind

No contributions this time

(We got nothing to see)
We got nothing to do
(We got nothing to take)
We got nothing to lose

(And there's nothing we like)
(And there's nothing we like)
And there's nothing we need

You got nothing to say
You got nothing to say
'Cause I'm telling you
Everything sucks

But don't let it get you down
'Cos we'll put it back the next time
Just don't let it get you down

Everything sucks again
Well, those are harsh words my friend
Just tell me some things never change
Just tell me we're 2000

(We got nothing to see)
We got nothing to do
(We got nothing to take)
We got nothing to lose

(And there's nothing we like)
(And there's nothing we like)
And there's nothing we need

You got nothing to say
You got nothing to say
'Cause I'm telling you
Everything sucks

(We got nothing to see)
We got nothing to do
(We got nothing to take)
We got nothing to lose

(And there's nothing we like)
(And there's nothing we like)
And there's nothing we need

You got nothing to say
You got nothing to say
'Cause I'm telling you

Everything sucks
