Arrows going down and down
Money hungry I will drown
Over under over
Sell me then the chauffeur

Intestine indecision
Shares will climb we invasion
Over under over
Buy it now pick the phone up

Humans sold see the gold
Stealing the fate of the world
Humans sold see the gold
Stealing the fate of the world

Now let's look inside your head
Are you wealthy are you dead
Over under over
Take me suck the sulphur

Dioxide from my body
Banks will flirt dollar erotic
Over under over
Pockets closed no leaf clover

Hate a hont a hieder rat a tat
