And now there?  
and you are, are the one  
And now I can see all the people  
they?  
And now I can see as she walks  
down the stairs and she?  
She holds all the promise I hold  
for the future I am home

So now will you join me in saying  
our goodbyes to this home  
And now when we know you are out there  
the world won?  
And now there?  
and you are, are the one  
And now I can see all the people  
they?

And when the world falls down  
we?  
Seas will rise and it?  
We?  
in the shadow of the setting sun  
I?

I stood there trembling in the starlight  
of the vibrant night,  
There was nowhere to move for they were  
all around me and they were surely watching  
Then out of the darkness came a hand  
which was laid upon my head,  
And then something amazing happened?

Tears began to fill my eyes as countless  
visions of a dying world  
took over my conscious thoughts  
I saw the beginnings of a great race  
come to power over the world  
But then as greed and selfishness gradually  
took hold the mighty race began to fall  
So it became clear to me through the

powers of the Adimalia that we can save  
ourselves, and this earth or be  
the cause of our own extinction
