Even among the holy ones
You're dirtier than that
Leave it alone, take the long way home
Sneak around and let yourself in back

All you said was honey give it a chance
Just give it a chance
Just give it a chance
How'd you ever get the devil to dance
Get the devil to dance like that

Open your mouth just to talk me down
You're sincere as any neon sign
Think of the reasons that you brought me here
But nothing ever really comes to mind

All you said was honey give it a chance
Just give it a chance
So I gave it a chance
How'd you ever get the devil to dance
Get the devil to dance like that

All of the losers on 16th and South Van Ness
They all fall to their knees with rosaries as they confess
Every suitor up by Lafayette and 12th
They don't fool the world, no, they only fool themselves
