If I could come
Back to you
It always comes
Back to you
But knowing you
And wanting you
Are separate
And I am desperate

But I know you're here with me
You're always here with me

And it colours me
Indefinitely
I am by your side
I am by your side

And when you can't breathe
When you decide to leave

I am by your side
I am by your side

Where did you go?
What did you do?
What did they
Take from you?

I can't hold on
To this now
Your eyes are cold
I don't know how

To let go of you
I miss you, I love you

And it colours me
Indefinitely
I am by your side
I am by your side
