I am running headlong into a train

And I
Would like to give this thing a name
But for now,
I am just happy to be me

And I
Can't believe I just said that

'Cause I have waited
So long for something
So ridiculously simple and
I can't believe that it is this easy but it is

I am walking down this street alone
But I don't care
I don't need somewhere to belong to
Not with you in my mind

Ya, you just make a little home here
But only if you want to
Lord knows I'm easy now

'Cause I have waited
So long for something
So ridiculously simple and
I can't believe that it is this easy but it is

You
You're a little light in my dark
And I can see you if I try hard enough
And while I work
To leave the life I led before
I realize I ran away
Just so I could stay
But maybe with you somewhere, sometime

'Cause I have waited
So long for something
So ridiculously simple and

I can't believe that it is this easy but it is
