"Be Bigger"

Boy, I'm telling you
I'm not the same good girl
You could change your mind
And keep me satisfied

Boy it's getting hard,
I'm not that same nice girl
You could hold me tight
And break your chains tonight

[CHORUS]

I'll be walking through your heart
I can ease the pain you feel inside
I've been waiting for the night
It's getting dark, but I can see your eyes.

Bad jokes, never mind
I feel so self assure
I know what I want
I wanna be with you

[CHORUS]

Feel me
Now I'm inside your head
