I have so many questions to ask
So many riddles to solve
Somebody please tell me where is the love
When all you feel is breakin up
And all you see is the lust
You're still trying to figure it out
You walk around
Wondering why you are lonely
He never called you again, classy
Your self-esteem is on the shelf
You're afraid to open up again
You don't believe in good guys even though they pass
you
Your shield is so high you can't see nothing
But who can ever blame you girl
You still don't know love

Where do we go, nobody knows
The way you act just feels so cold
Where is the life in you
Where is the life in youu
Don't worry, love, you can do so much better
Don't let it waste your time
Where is the life in you
God put a life in you, a beautiful life
A beautiful life
A beautiful life
Cuz you are
I know, nobody said it was easy
But nobody said it was hard
Hard cuz we got older
But I feel, yeahh, hope
But it don't make no sense
We need some time, a second chance
Cuz we can't figure it out

So you walk around
Wondering why you are lonely
I never called you again, sorry
Your self-esteem is on the shelf
You're afraid to open up again
Don't believe in me even though I try to kiss you

Your shield is so high, I'm trying to see something
But who can ever blame you girl
You still don't know love

Where do we go, nobody knows
The way you act just feels so cold
Where is the life in you
Where is the life in youu
Don't worry, love, you can do so much better
Don't let it waste your time
Where is the life in you
God put a life in you, a beautiful life
A beautiful life
A beautiful life
Cuz you are
A beautiful life
A beautiful life
Cuz you are, cuz you are.
