Ooh

Fallin in and out of love, tryin to play my cards right, oh
yeah

Damn these stupid games I'm losing oh wish I never lie
ooh

Cause is you, you but I deny yeah

And it's easy so easy to see but I doubt

Chorus:

I have some little faith but my heart is not beating as
pounding for

No reason yeah

Insane it's love but I don't wanna believe it oh

'Cause it's cool, it's so cruel

My heart beats for us but still

It's so cruel love this cruel

My heart beats for us but still yeah

Ohh uuh

It feels so lonely in my bedroom I can still smell her
perfume oh

My pillow

And lately I've been lying so much I believe myself

That I don't need her 'cause it's cruel oh it's you but I
deny yeah

And it's easy so easy to see but I doubt

[Chorus:]

Ooh yeah

Because my heart is not beating this pounding for no
reason yeah

It's say it's love but I don't wanna believe that even

'Cause it's cruel, cruel yeah

And it's cruel so cruel oh
