We live fast and die young,  
Get cash to buy drugs,  
And that's just how it is!

They say you're bad for me,  
And it's you.. is bad,  
I've been through this struggle for a long time,  
But I know that life just ain't that simple, simple,  
simple!  
It's love or fame so simple, simple?  
Get off the game,.  
And crash , float and,

They say you're bad for me, yeah!  
Wonder the reasons I don't have money, huh  
But what I gotta have sonny,  
You probably don't understand  
See you only know the half of it!  
And life move fast,  
No wonder, no!  
How long will this alcohol last?  
My nights are gone crazy, this shit is bad,  
Is like everybody on a speed boat  
And me I'm on a raft,  
It makes it hard to laugh!  
Cause it's the ..of my twins, man,  
I've been,  
, I'm riding solo.  
But niggers get mad when I tend to keep a low pro  
And people that I wanted in my life ain't there no more!  
And shit, what my uncles left out,  
I'm trying to life a million, a minute ...  
The last time I checked the Almighty gives a life for  
human,  
So tell me what you are all doing, all doing!  
Huh!
