And there ain't no night  
And there ain't no night  
Did you hear what I said?  
The big white

The big white

The big white

The big white

And there ain't no day  
And there ain't no day  
And there ain't no night  
And there ain't no night  
And there ain't no day  
And there ain't no night

Into the white  
Into the white  
Into the white

Did you hear what I said?  
Did you hear what I said?  
Deeper than your sleepy head  
Deeper than your sleepy head  
Ain't nothing to see  
Ain't nothing in sight

Into the white  
Into the white  
Into the white

Go and you go real far  
Go and you go real far  
Just past the big Quasar  
Just past the big Quasar  
Can't hitch a meteorite  
Can't hitch a meteorite

Into the white

Into the white

Into the white

Into the white

Into the white

Into the white

Into the white

Into the white

Into the white

Into the white

Into the white

Into the white

Into the white
