They got a ranch they call  
Number Fifty-One  
They got a ranch they call  
Number Fifty-One

You can't see it at all  
'Less your flying by  
Just sitting there square  
Baking in the sun

Beneath the sky, sky, sky, sky

They're gonna put it down  
Right on the strip  
They're gonna put it down  
On the Vegas strip

They're gonna put it down  
And step outside  
Into the lights  
Right outta that ship

Saying hi, hi, hi, hi

I was driving doing nothing on the shores of Great Salt  
Lake  
When they put it on the air, I put it in the hammer lane  
I soon forgot myself and I forgot about the brake  
I forgot about all laws and I forgot about the rain

They were talking on the 9 and all across the Amy band  
Across the road they were turning around and headed  
south with me  
It got so crowded on the road I started driving in the  
sand  
My head was feeling scared but my heart was feeling  
free

The desert turned to mud, it seems that everybody  
heard  
Everybody was remembering to forget they had the  
chills

Then I heard the voices on a broadcast from up on the  
bird  
They were getting interviewed by some good man  
whose name was Bill

I'm almost there to Vegas where they're puttin' on a  
show  
They've come so far, I've lived this long at least  
I must just go and say hello
