Ciao

I'll just take one small suitcase
And go on holiday this year, to capri
I'll leave him a short note and go

Where there's cafÃ©s with white parasols
And cocktails with the scent of lemon

Swaying on a small board
And I'll go on a date with you
I'll kiss the wave that glitters blue
And then we will fall in love
And the orange midsummer sun melts
And the orange midsummer sun melts

Hi! what's your name?
Let's have a limoncello!(*)
Such lovely flowers!

Sayonara to capri
Sayonara to capri

We came to a small dune alone
But up in the sky the stars are blushing
Enveloped by moonlight I'll sleep
And hear the seabreeze whisper
Love is always a frail dream

Sailor take us to the blue grotto
The smell of the sea
Kiss me, my love

Sayonara to capri
Sayonara to capri

Bye
