When I see you alone,
I see what's in your mind.
You love me yes you do,
You don't need to tell me.
I know you love me most,
No one else take my place.
You need me, yes you do.
Forever, and ever.

When we kiss,
I see what's in your heart.
You love me yes you do,
You don't need to tell me.
I know you love me most,
No one else take my place.
You need me, you do.
Forever, and ever.

We are in love, baby love child
I take you so high, groovy love child
Give me a kiss, baby love child
Do it again
