The modern age of female superiority

One two three four

Not being able to say you love me
And not loving me are the same thing
I think

You're so used to kissing whenever you like,
Getting cozy wherever you like

How do you like your kisses,
Cool or hot?
You like it cool? alright then,
I'll make it cool for you,
I bet you like it cool
I bet you like it cool

Not being able to say you love me
And not loving me are the same thing
I think

Not being able to say you love me
Is proof that you don't love me
Wouldn't you say?

How will you take your punishment,
Cool or hot?
You like it cool? alright then,
I'll make it cool for you,
I bet you like it cool
I bet you like it cool

How do you like your punishment,
Cool or hot?
You like it cool? alright then,
I'll make it cool for you,
I bet you like it cool
I bet you like it cool
